

ASK THE ATTORNEY **PROGRAM**

The Better Business Bureau's Ask The Attorney Program is provided exclusively for Better Business Bureau members. The program has been developed with the cooperation of several member legal firms and is designed to assist you in the day-to-day operation of your business by providing you with expert answers to common legal questions.

HOW THE PROGRAM WORKS

- There is no charge to a member for the telephone consultation when the question can be answered during the phone call
- If the question is complex or requires further investigation, a written opinion, or review or analysis of any documents, the participating attorney will inform you of how much the legal expense will be to pursue the matter
- Simply CALL a participating attorney from the chart below and mention you are a BBB member using the ASK THE ATTORNEY PROGRAM
- Please use this member benefit as it was intended. If you should have any questions, please contact Barbara Krzemien on your BBB member line at 774-0157 (Grand Rapids) or 1-800-787-2221 (outstate)

Consultations made through this program are for the purpose of providing general legal information only, not to provide legal advice or representation concerning any particular situation, and will not give rise to a lawyer-client relationship without the express agreement of the BBB member company and the participating attorney.
