## WELCOME NEW ACCREDITED BUSINESSES

We would like to congratulate the following firms who were accepted as new accredited businesses during the month of December. Gallup polls indicate that 84% of people would prefer doing business with an accredited business of the Better Business Bureau which means the majority of consumers are looking for "The Mark of Integrity."

We thank the following accredited businesses for their commitment to the Better Business Bureau standards and our community. We urge you as consumers and business members to support one another in membership.
